## Frequently Asked Question

*Weddings*

### 1. What is the booking process?

Once you have decided you'd like to book me for your big day just respond to the email and let me know which package you'd like. If I'm available for your date I'll send over an invoice for the retainer, once the deposit is received - the date is yours!

### 2. Do you travel?

I sure do! There is actually nothing I love more than traveling and getting to explore new beautiful locations. Send me over an inquiry and I will happily work with you on creating a custom travel package. All wedding packages include 20 miles within the metro Detroit area.

### 3. What is a Keepsake box?

A Keepsake Box is a personalized box that stores your USB as well as your 4x6 prints for delivery. A Keepsake Boxes can be repurposed to keep mementos from the honeymoon, wedding day, etc.

### 4. Do I get to choose what photos go in my album?

Of course! Once you receive your digital gallery, I'll have you go through the gallery and create a 'Favorites' folder of about 100 photos you would like to see in your album.

10 pages are included which generally includes around 75-100 images, but more pages can be added for an additional fee.

### 5. How do I know how much coverage I'll need?

Hours of coverage needed is unique to each couple and their day; if you are unsure of how many hours you'll need please feel free to reach out to me and I can help you determine what will be best for your day but generally...

- 4 hours: Covers ceremony only & a private shoot for the couple.
- 6 hours: Covers detail shots, ceremony, reception highlights, and private shoot for the couple.
- 8 hours: Covers end of getting ready, detail shots, ceremony, reception highlights, and private shoot for the couple.

## **6. What is a second shooter?**

A second shooter is an additional photographer hired (and trusted) by me to capture an additional angle of the day to ensure all of the most important moments are captured not just once but twice. It gives you a wider variety of shots and an additional perspective on the day. Additionally, if we are under a time crunch and things start to get a little chaotic, the second shooter can be used to capture one thing while I capture another. Two birds, one stone!
